

Agreement on Postech student visits to LIGO

The Physics Department of Postech (party A) and the Laser Interferometer Gravitational-wave Observatory (LIGO, party B) agree that LIGO will host the visit Postech students to LIGO under the following terms.

1. All Postech students visiting LIGO will make a notification in advance so that the visits are prearranged. They may visit only after they get the permission on dates, the sites for the visit and the number of visiting students at any one time.
2. All travel expenses for Postech students will be covered by the Physics Department of Postech.

This agreement is effective upon approval by both party A and party B and will remain effective for two years.
